(2). If that duty is not performed within the period so fixed, the Government may appoint the Deputy Commissioner of the District to perform it, and may direct that the expense of performing it shall be paid, within such time as it may fix, to the Deputy Commissioner by the Board.

(3). If the expense is not so paid, the Deputy Commissioner, with the previous sanction of the Government, may make an order directing the person having the custody of the balances of the Board's funds to pay the expense, or so much thereof as is from time to time possible, from the balance of the appropriate fund in priority to any or all other charges against the same.

Section 181. —(1). If a Municipal Board is not competent to perform, or persistently makes default in the performance of the duties imposed on it by or under this or any other Regulation for the time being in force, or exceeds or abuses its powers, the Government may, by an order published, with the reasons for making it, in the official Gazette, declare that Board to be incompetent, or in default or to have exceeded or abused its powers, as the case may be, and supersede it for a period to be specified in the order.

(2). When a Board is so superseded, the following consequences shall ensue:—

- (a) all members of the Board shall, as from the date of the order, vacate their offices as such members;
- (b) all powers and duties of the Board may, during the period of supersession, be exercised and performed by such person or persons as the Government, from time to time, appoints in that behalf;
- (c) all property vested in the Board shall, during the period of supersession, vest in the Government.

(3). On the expiration of the period of supersession specified in the order, the Board shall be re-constituted, and the persons who vacated their offices under Clause (a) shall not be deemed disqualified from being members.

Accounts, Annual Reports and Budget Estimates.

Section 182.—Accounts of the receipts and expenditure of every Municipal Board shall be kept in such form as the Government, from time to time, prescribes, and they shall be submitted with all necessary vouchers to such officers and at such periods as the Government may direct. They shall be balanced annually at the end of every official year, and shall be audited by an officer appointed for the purpose by Government.

A copy of such report and account and of the resolutions passed in regard to them shall be submitted by every Municipal Board to the Deputy Commissioner of the District, if he is not the President of such Municipal Board.

Section 184.—Every Municipal Board shall hold a meeting at some time to be fixed by such Board on or before the 1st February of each year at which the President shall place before it a budget estimate of the receipts and expenditure of the Board for the next succeeding official year in such form as the Government, from time to time, prescribes.

Such Board may adopt, with or without modification, the budget estimate thus placed before it.

Such Board may, at any time during the year for which any budget estimate has been approved or sanctioned, cause supplementary estimates to be prepared. Every such supplementary estimate shall be considered and approved by the Municipal Board, and shall be dealt with in all respects in the same manner as if it were an original annual estimate.

Such budget estimates shall be submitted to Government before the 15th March preceding the official year to which they relate; and if the Deputy Commissioner is the President of the Municipal Board, they shall be sent through the Deputy Commissioner.

The Government may pass on the estimates submitted to it under this Section such orders as it thinks fit, and such orders shall be binding upon all Municipal Boards.

Provided that the fact that the orders of Government have not been passed upon estimates submitted to it under this Section, shall not prevent such estimates being brought into operation, pending the orders of Government.

Section 185.—Except in case of pressing emergency, no sum shall be expended on behalf of any Municipal Board, unless such sum is included in some estimate at the time in force which has been sanctioned as aforesaid.

If any sum is so expended on a pressing emergency, the circumstance shall forthwith be communicated to Government (through the Deputy Commissioner if he is not the President of the Municipal Board), together with an explanation of the way in which it is proposed by the Municipal Board to cover such extra expenditure.
